## YOLO COUNTY DEMOCRAT.

SATURDAY, APRIL 4, 1888.

**CHERRING!**—News from all parts of the country forebodes a change for the better in the political affairs of the Government at the next election. The Philadelphia Age says: "Among the cheering signs of the times are the zeal and activity manifested by the Democratic party. The adherents of that organization have accepted the assurance of the coming victory, and are preparing to make it thorough and complete. From Maine to California the same spirit animates the men who, through all the dark and troublous past, stood by the Union and the Constitution as the sheet-anchor of the nation's hope. Convention after convention gives forth the same battle-cry. Democratic leaders and orators preach from the same text, and enunciate the same principles. The journals of the party stand like a wall of fire around the government as our fathers made it, and declare that 'this is a white man's government, made by white men for white men and their posterity forever.'"

**RAILROAD MATTERS AT VALLEJO.**—The enterprise of building the Vallejo Railroad has, it seems, at last assumed a shape which indicates that the managers mean business. The Chronicle of the 28th ult. says: "Work is progressing rapidly on the railroad; one of the locomotives has been put together, and is expected to have steam up to-day; track has been laid for about a quarter of a mile, which has been done by hand. Sometime during the week it is expected to have the track-laying machine to work. During the week, steamers from the city have been making regular trips bringing rolling stock, etc. for the road."

**BAISE BUSINESS.**—There is one branch of business in San Francisco that does not seem to be badly affected by the Eight-hour law, or the stringency of the money market. One hundred and ninety-two marriage licenses were issued last month by the County Clerk Bartlett, and three hundred and eighty-four vessels were launched upon the perilous sea of matrimony. [Vallejo Chronicle.]

The "stringency of the money market" will come in as a grim joke after the honeymoon is over, and there will be breakers ahead when the fair captors order new rigging to prepare for equals.

**EDITORIAL CHANGES.**—Hon. Zach. Montgomery, of the Occidental and Vanguard, and Gen. Volney E. Howard, of the Independent Dispatch, have both retired from editorial life. The papers have been consolidated into one—the Dispatch and Vanguard. It has been enlarged and improved, and now constitutes a first-class literary and political journal. The paper will be under the control of J. F. Linthicum, and we wish it success.

**PET DEER.**—We observed a beautiful pet deer, a yearling, in the yard of Dr. Grant. The deer is gentle as a pet lamb, eating readily from the hand. [Santa Cruz Centinel.]

There are several such pets in this city. [Bee.]

Quite a number may be found in Woodland, but they are a little older and not quite so gentle. They come out of their hiding-place, generally, just before a waterfall.

One week from yesterday and the impeachment trial will be begun in earnest. May it be short and sweet. [Carson Appeal, March 24th.]

It would be particularly "short and sweet" should the President conclude to resign rather than stand a trial. [Dramatic Chronicle, March 28th.]

Such a course would no doubt be consoling to the consciences of his personal enemies, who are now trying the case.

**HEALTHY CITY.**—Probably there is not now a healthier city in the State than Sacramento. We have a population of about eighteen thousand, a large percentage of whom deserve hanging or something else, and yet not a single arrest was made yesterday. [Capital Reporter.]

A pleasing prospect! Not a single arrest has been made in Woodland for ten days, although twelve men were recently hung here in one day.

**A SENSIBLE THREAT.**—An exchange says the merchants of Oregon threaten to put on a new line of steamers between Portland and San Francisco. The immense amount of produce awaiting transportation in their warehouses will render the project necessary very soon. By all means let the threat be executed.

**ODD FELLOWS' MONUMENT DEFACED.**—It has been discovered that the Pa. ker monument in the Odd Fellows' Cemetery, San Francisco, has been wantonly defaced with a sledge hammer by some miscreant. The Odd Fellows will offer a reward for the discovery of the perpetrator.

**FOR CONGRESS.**—The Los Angeles News, of recent date, says: "Our gifted friend, Col. E. J. C. Kewen, of this city, is a candidate for Congress, from the First Congressional District, subject to the Democratic Convention. Col. K. is well and favorably known as an able and sound Democrat, and if elected would do credit to the District."

True times says it is a noticeable fact that Artzell and Johnson vote in opposition to Higby. Democrats and Republicans do not, as a general thing, vote together.

**UNION AND HARMONY.**—It is worthy of note that Sacramento held a County Convention on Saturday last, and that everything passed off harmoniously.

The origin of April or All-Fools' Day, may be found in the tenth verse of the thirty-fifth chapter of Deuteronomy.

The Stockton Democratic Club has upon its rolls the number of 436 Democratic voters. So says the Gazette.

## CONSPIRACY.

If in the minds of true patriots there ever existed a doubt in regard to the real intentions of the present Congress and its adherents, if that revolutionary body ever established a single claim in the hearts of the people for impartiality and fairness, in the performance of its solemn duties to the nation, the doubt has been dispelled and the claim renounced by its recent exhibition of extreme partisan measures, and the wicked, destructive designs which have raised the mask from its hideous deformity, at the sacrifice of every semblance of honesty. Sitting as a high court of impeachment to try the President for acts done plainly within the province of one sworn to preserve, protect and defend the Constitution, they do not even pretend to represent one portion of the Union only so far as unjust and cruel dictation and persecution may be considered representation, and this, too, at a period when a sufficient time has elapsed since the close of the war, to calm and allay the feverish ranklings of unholly prejudices in the minds of all men who desire the peace and prosperity of the country. Armed and secret political organizations are fostered and encouraged in their growth and extension over the country, by a reckless cabal which controls the majorities in Congress; and in the haste of that body to depose the President in order that they may possess themselves of the power of the Executive to assist in carrying out their partisan purposes, the alarming announcement is made throughout the country that those dangerous societies proffer to send armed troops for the purpose of enforcing the designs of Radicals, trembling in a consciousness of their wickedness, yet goaded on by the despotism of their leaders. That such offers should be received complacently by Congress, is a fact damaging to its character; and that such measures tending to the employment of brute force for the maintenance of the policy of partisanship should exist, is a fact destructive of the liberties of the people, and subversive of every true principle of self-government.

In past years, the people turned to the Senate for counsel and moderation. The eloquence of the whole-souled patriots who ruled that body, was sufficient to quell and calm the outbursts of passion which sometimes swayed the populace in dangerous excitement. There were men, then, who stood up in the legislative halls of the nation, with hearts full of love and devotion for the whole country, ready at all times to profit by the inspiring words of Washington, in dealing out justice to their countrymen east, west, north and south. But an evil time has come upon us, and it remains to be seen whether the people will stand by and defend the sacred traditions of the past in one mighty effort to shake themselves loose from the anarchy and tyranny which the foes of the Constitution are gradually fastening upon them.

**WHAT IS IT?**—The Sacramento Record says Barum once asked this question, and made a fortune by asking. Howard, just before the Sacramento terminus of the Yolo bridge, asks the same question, with the hope that his query may return him a few dimes. He has a cat that has, with her litter of kittens, given birth to a puppy. There is no humber about this, and no deceit. The cat, among her three kittens, has a perfect hybrid. The kittens mew, the pup whines, and is a perfect canine all over, excepting the feet, which are thoroughly feline. We drop all attempts to explain the phenomenon, but leave that for all who visit the place to do it for themselves. But one thing is certain, and there is no humber about it, at Howard's the curious visitor will find a cat-dog, and after having minutely examined the appearance of the animal, if they don't give it up that California is a curious country we will never permit another sectional item to appear in our columns. Another feature in this case, is that if any person removes them the mother will hunt for "What Is It?" first; and if left alone, return it to the maternal nest before the others. Howard is the man who has no arms, and his friends have advised him to charge the curious animal stipend for seeing this great animal wonder.

**ALEXANDER H. STEPHENS.**—The Springfield (Mass.) Republican thus chronicles the transit of Alexander H. Stephens through that city:

Among the gentlemen who called on him yesterday were Rev. Mark Trask, who was with him in Congress previous to the war; John L. King, C. C. Chaffee and others. He decidedly avoided any reference to the political situation, and when his opinion was asked in regard to the present conflict he answered that he had not seen the latest papers. He looked as rusty as ever, and had his pants tucked into his boots. He was always a small man, never weighing over one hundred pounds, and now, in feeble health, his appearance is more than usually diminutive. Still his eye is as bright and as piercing as ever, and to look at the upper part of his face alone it would be impossible to tell whether he was a man of twenty-five or seventy-five years.

**"TEMPTING FATE."**—The New York Times, a staunch supporter of Republican principles, utters this warning to its party:

The Republican party is tempting fate. If it is overthrown now it is overthrown forever. By the extreme ground it threatens to take, it is alienating from its confidence and support thousands and tens of thousands who in every State have sustained its fortunes, because they saw in its success the only conditions of a free, permanent and Constitutional Republic. Its action now prompts questions as to motives and character, to which it will be found difficult to give clear and satisfactory replies.

**HARD TIMES.**—It is said that there has been more suffering in Chicago during the past winter than for many years past. No less than from 20,000 to 25,000 men are reported out of employment and without the necessary means to make a living.

**FOR HENRY H. HAIGHT.**—The Quincy Union has declared in favor of Gov. Haight for President.

## Telegraphic Summary.

General Buchanan has ordered an election for Members of Congress in Louisiana under the new Constitution. General Hancock has been assigned by the President to the command of the District of the Atlantic. One of the President's counsel is reported to have stated that the impeachment trial can be ended in fifteen to twenty days. The United States Grand Jury has found a new indictment against Jeff. Davis. A Washington letter says that John L. Swift, of Boston, will be Governor of the new Territory of Wyoming, and Josiah Dunham, of that city, Marshall. The residence of Hon. Charles Dudley, member of the Iowa Legislature, was burned at Agency City on the 27th ult. Three of his children were consumed in the flames. The Pacific Mail Company will hereafter run four steamers monthly—on the 1st, 9th, 16th and 24th. Jay Gould, one of the principal Directors of the Erie Railroad has absconded with nearly \$3,000,000. Heavy frauds on the revenue have been detected at Galveston, Texas. The Times' special thinks Spaulding's substitute for the Alabama bill will probably pass the Senate. The Tribune contains a letter from Thad. Stevens, heartily endorsing Grant for President, and Ben. Wade for Vice President. At the opening of the impeachment trial on Monday, Butler spoke for three hours. A Montreal special says the garrisons are under arms, and the volunteers all over the country have received orders to be ready. The President has issued an order assuming command of the new military division. Burleigh, delegate from Dakota Territory, was called as a witness on Tuesday in the impeachment trial. He testified that he knew General Thomas, and had been on terms of intimacy with him. Stanberry asked the object of calling this witness. Butler said he expected to prove that General Thomas said to witness that he intended to get possession of the War Office through force. Stanberry objected to this evidence, and appealed to the Chief Justice. The Chief Justice decided the evidence out of order. This caused considerable commotion in Court. Burke appealed from the decision of the Chief. The Chief Justice stated that he, as presiding officer, had the right to say what evidence should be allowed.

**SEDITION.**—The House of Representatives at Washington, says the Morning Call, seems determined to revive the spirit of the session laws of the time of the elder Adams. Among the additional articles of impeachment against the President is the terrible charge that he spoke disrespectfully of Congress. For this he is to be hanged, drawn and quartered, figuratively. If the President can be punished for such an offense, so can every citizen; and if the liberties at Washington succeed in accomplishing their purposes, the time is not far distant when citizens will be sent to the battle for unprovokedly criticizing Congressional action. For what is a crime in the case of the President can be no less a crime in the case of an unofficial citizen. However, as there is still a shadow of freedom of speech and opinion left, we shall avoid ourselves of it to give expression to our opinion, that a body more dangerous to the liberties of the people than the judicial or legislative institutions and Government—never existed in this country than the present Congress.

**WHAT?**—George A. Townsend, who has been traveling through New York, recently came across Orville Gardner, a better known in his fighting days as "Oral Gardner," the converted prize-fighter, and pounces upon the occasion to denounce Hon. John Morrissey, and winds up as follows:

"Orville Gardner, matched against the wilderness, is fighting the good fight, finishing his course, and henceforth there is laid up for him, not the belt, but the crown. I thought of John Morrissey, in Congress, as a man who was a God and society in the lonely woods, and I said that this latter man was the champion of America. The one serves in hell, and the other will reign in heaven."

We are not well versed in theology, but it strikes us that the above, for a Radical effort, is a neat intimation that Congress is nearly as bad as the devil, and that society at this point, but Townsend sets the matter conclusively at rest. Who but a Radical should know? [Napa Reporter.]

**A MAN CUT IN TWO BY A SAW.**—A very sad and terrible accident, says the Indianapolis Journal, of February 26th, occurred on Saturday last at Williams' Crossing, a station about three miles from Morgantown, on the Marietta railroad. A man named Isaac Dutton, about fifty years of age, and who formerly resided in this city, near the German Catholic Church, was cut entirely in two by a circular saw. Having adjusted a log and set the feed in motion, he walked toward it, and slipping, fell so that his clothes caught in the saw, drawing him in its way and cutting through both arms and his body, part of which fell upon one side of the log and a part on the other. He was half owner of the mill, and was quite a large man, weighing upward of two hundred pounds. His remains were taken to Madison on Monday for burial, where his wife resides.

**HON. J. W. COFFROTH.**—A correspondent of the Placer Herald, in a discussion in regard to the proper mode of making Congressional nominations, says:

While on this subject I will say that the Democracy in this vicinity is unanimously in favor of the Hon. J. W. Coffroth as the Democratic nominee for this Congressional district. J. W. Coffroth has always been a true, bold, reliable Democrat, when to be a Democrat was to be condemned, persecuted, and politically and socially ostracized, and now when the camp-fires burn brightly, whose members he faithfully and tenderly nursed during all that dark night of storm and persecution—to forget this brave old soldier of the Constitution, would be an act of *Pande* fail, unworthy the glorious old Democracy. Then give us this honored soldier of the "Old Guard" who dies but never surrenders.

**TIN WEDDING.**—A correspondent at Jacksonville, Illinois, recently the celebration of a tin wedding recently. It is spoken of as a magnificent affair. The great variety of tin displayed on the occasion made a novel and attractive feature. The bride wore a complete set of jewelry, including a high comb and fan. The groom appeared with a cane, breast-pin and watch of polished tin, and sparkling wine flowed in toasts to the happy couple, from goblets of the same material.

**GLUM AND PECULIAR, BUT NOT GRAND.**—The State Convention of Republicans which met at Sacramento, is thus described by the Capital Reporter:

It was a small, sad, mournful affair—the most spiritless and insignificant State Convention that has assembled for years. The few members in attendance looked gloomy and sorrowful, evidently realizing the hopeless nature of the contest on which they are entering. The last general election has completely demoralized and used up the Republicans in this State. The vigor and dash of the party are gone. A few of the leaders, who still hunger after the flesh-pots, are making desperate efforts to rally their shattered forces, and use every means to revive their fainting spirits, but meet with poor success. The dreadful whipping of last September has had a most demoralizing effect. No one could look upon the late State Convention without being struck with the woful difference between it and similar gatherings of the party in past years.

**A PREVENTATIVE.**—The editor of a Western paper has invented a method whereby he keeps his neighbors' cows from stealing his hay. He describes it in this wise: "A certain quadruped has a sweet tooth for our haystack and did much damage, throwing down the rail fence and roosting in our hay. We bought a box of cayenne pepper, took a nice lock of hay, placed it outside, 'baptized' it with pepper, and watched. The animal came along and pitched into the hay, when suddenly she took the hint, and, with nose at 45 degrees and tail at 98 degrees, he snout went 'marching on' at the rate of 240. The cow has not come back. Try this, ye afflicted, and you will save your hay, and have a hearty laugh all to yourself."

**POOR FELLOW.**—Jay Cooke, the broker, who made so many millions by the sale of United States bonds as Treasury agent, is still "doing a little" for the Government. During the year 1887 he was paid the pretty little sum of \$94,000 as commission for selling bonds! These bonds pay six per cent. in gold and are exempt from taxation, and ought to "sell themselves."

The Democracy of Shasta county will meet in convention on the 18th inst., to elect four delegates to the State Convention.

## TOWN AND COUNTY MATTERS.

**STANDING AT KNIGHT'S LANDING.**—We learn that an altercation occurred at Knight's Landing on Saturday morning last, between Ed. Northrop and George Westcott, which resulted in a serious injury to the latter. It appears that the parties have been partners for some time past in a bakery and restaurant at the Landing, and that some disagreement in regard to the business affairs of the firm arose between them which finally culminated in a quarrel about a settlement. Northrop, becoming excited, drew a knife and struck Westcott, cutting him through the left arm, above the elbow, and into the cavity of the chest, near the heart, making at one blow two ugly and dangerous wounds. Westcott is represented as a quiet, inoffensive man. Northrop, after remaining in the vicinity till evening, left for parts unknown. It seems very strange that he was allowed to escape without a legal examination.

**IMPROMPTU MEETING.**—On Saturday evening last quite a large number of Democrats assembled at Heath's Hall for the purpose of inviting Gen. M. Whallon of Sonoma, and Dr. Mathews of Lake (both of whom were in town on a short visit) to address the Club. The meeting was called to order by Vice-President J. Levison. Gen. Whallon was then introduced; his speech was of an hour's duration, was listened to with great attention, and frequently applauded. Dr. Mathews, on being called for, came forward and although laboring under the effects of a severe cold, entertained the audience for a few moments with an apt illustration of Congressional policy in matters of reconstruction. Short speeches were made by Messrs. Burnett, Lawson and Pratt, when the meeting adjourned.

**SUPERVISORS.**—The following is a portion of the result of the labors of the Board yesterday: "In the matter of levying State and county taxes for the year 1888—it is on motion ordered that there be and is hereby levied taxes on each one hundred dollars valuation of property within the county, for the year 1888,

Hospital Fund, 20

Total State and county tax, \$2.45  
It is also ordered that there be and is hereby levied on each able-bodied man under the age of fifty years, within the county, a road poll tax of two dollars, in cash, for the benefit of the county road fund."

**PAINFUL ACCIDENT.**—Early on Wednesday morning, as G. A. Fabricius, a well-known citizen of this town, was leading one of his horses by the halter, the horse became unmanageable, and suddenly jumping to get away from his master, threw him violently to the ground and dragged him a short distance before he became disengaged from the halter strap. By this accident, Mr. F. suffered an internal injury of a very serious character. It was thought that he could not possibly survive, as his condition for some hours after the accident was regarded by the attending physicians as extremely critical. We are pleased to state, however, that at last accounts, his friends entertained strong hopes of his recovery.

**ALL FOOLS' DAY.**—On the 1st instant, those who were sportively inclined, indulged in various tricks and devices to impose on the unwary, and made the day merry at the expense of their victims. The various public offices in Woodland were visited frequently in answer to a hearty summons, and anxious faces were considerably elongated when the ominous word, "solt," astonished the ears of the credulous visitor. Practical joking seemed to be the order of the day, and good humor crowned the sport. Numerous victims will quickly await the coming of another anniversary to "get even."

**INSURANCE.**—We call attention to the advertisement, in another column, of the justly celebrated "Liverpool and London and Globe Fire Insurance Company." This Company, in a long period of years, has established a reputation which enables it to compete successfully with the most popular organizations of that character. Jacob Levison is their authorized agent or solicitor for Yolo county. The Company could not select a more competent or trustworthy representative of its interest in our midst, and we bespeak for it, through him, a liberal amount of public patronage.

**DEMOCRATIC COUNTY CONVENTION.**—The time set for holding primaries in the various precincts, and the time set for the meeting of the County Convention in this place, was erroneously stated in last week's DEMOCRAT, also in the Committee's posters. The mistake appears in a manuscript copy of the proceedings of the Central Committee, and was not the fault of this office. Precinct meetings will be held on Saturday, April 18th, at 2 o'clock p.m., and the County Convention will be held at the Court House on Saturday, April 25th, at 2 o'clock p.m.

**DEMOCRATS! TAKE NOTICE!**—The Woodland Democratic Club extends an invitation to Democrats from every precinct in the county, to meet in Woodland on Thursday evening, April 9th, for the purpose of considering the propriety of organizing a Democratic Central Club in Yolo county. Let every precinct in the county be represented at that meeting by the true men of the party. Organization cannot be too complete. There is work to be done which is worth doing well.

**EXPRESS WAGON.**—Fleishman & Kaufman have just received from the establishment of G. J. Overhimer a beautiful express wagon, which they intend using for the purpose of delivering goods to their customers. Jake says the firm is prepared to send any and all goods ordered by the ladies, by express, from a paper of pins up to a cabbage head. We presume this last remark is not intended to refer to the driver of the wagon.

**"THROWED OUT."**—A plaintiff in a law suit recently came to Woodland for some legal advice, and stated to the attorney that his case had been brought before the Court in his own township once. "Well, what was the decision?" asked the attorney. "Why, you see," answered the plaintiff, "it was the first case that ever came before our Justice, and he got scared and threw it out."

**PERSONAL.**—On Tuesday last, W. H. Mills, editor of the Rescue, a staunch supporter of the temperance reform, published in Sacramento, paid us a visit. His visit to Woodland had reference to his interest in the cause he so ably advocates, and he was courteously received by the many patrons (residing here) of the organ he controls.

**BILLIARDS.**—A splendid carom table has been fitted up at the Railroad Exchange, on Main street, where the uninitiated are indulging in the luxuries of pool and billiards. Joseph I. Heath, the proprietor, is sparing no pains in arranging everything in the establishment for the accommodation of his customers.

**REPRESENTATIVES.**—Woodland Lodge No. 111 I.O.O.F., at a regular meeting on last Saturday evening, elected P. G. N. Wyckoff and Russell Day representatives to the Grand Lodge which meets in San Francisco on the 6th of next month.

**GRAIN AND WOOL SACKS.**—The attention of farmers and wool growers is called to F. & K.'s advertisement of a large consignment of grain and wool sacks.

**BRICK.**—N. Elliott announces that he has a few thousand left. Those wanting brick will observe advertisement.

Extract of Jamaica Ginger.

This valuable preparation containing in a high-  
ly concentrated form all the properties of the  
Jamaica Ginger, has become one of the most  
popular domestic remedies for all diseases of the  
stomach and digestive organs.  
As a tonic it will be found invaluable to all  
persons recovering from debility, whether pro-  
duced by fever or otherwise, for whilst it im-  
ports to the system all the glow and vigor that  
can be produced by wine or brandy, it is entire-  
ly free from the reactionary effects that follow  
the use of spirits of any kind.  
It is also an excellent remedy for females who  
suffer from difficult menstruation, giving almost  
immediate relief to the spasms that so frequen-  
tly accompany that period.  
It gives immediate relief to Nausea, caused  
by riding in a railroad car, or by sea-sickness, or  
other causes.

## Memory.

BY FITZ GREEN HALLER.

Strong as that power whose strange control  
Impels the forest's force,  
Directs the needle to the pole,  
And bids the waves of ocean roll  
In their appointed course;  
So powerful are the ties that bind  
The scenes of childhood to the mind;  
So firmly to the heart adheres  
The memory of departed years.

Whence is this passion in the breast,  
That, when the past we view,  
And think of pleasures once possessed,  
In fancy's fairest colors dressed,  
Those pleasures we regret?  
And why do Memory's pains impart  
A pleasing sadness to the heart?  
What potent charms to all endure  
The days of our departed years?

True—many a rosebud blooming gay,  
Life's opening path adorns;  
But all who tread that path will say  
That 'mid the flowers which strew its way  
Are Care's crowding thorns.  
Yet still the bosom will retain  
Affection even for hours of pain;  
And we can smile, though bathed in tears,  
At memory of departed years.

'Tis distance our bewildered gaze  
On former scenes bestows;  
And Memory's charm the eye betrays;  
For, while enjoyments it displays,  
And robes the past in smiles,  
Its flattering mirror proves untrue—  
Conceals the sorrow from our view—  
And hides the griefs, the doubts, the fears,  
That darkened our departed years!

Time, when our own, we oft despise—  
When gone, we lose deplore;  
Nor till the fleeting moment flies,  
Do mortals learn its worth to prize.  
When it returns no more,  
For this an anxious look we cast,  
With fond regret on hours long past;  
For this the feeling heart reverts  
The memory of departed years.

**SQUARING THE CIRCLE.**—Among the popular games occasionally used, is one called squaring a word. It consists in arranging words in such manner that a perfect square of known words shall be made which will read vertically in the same order as horizontally. The problem of squaring the circle, which has puzzled philosophers and mathematicians for ages, has been solved in this way, thus:

CIRCLE  
ICARUS  
RAREST  
CREATE  
LUSTRE  
ESTEE

WILLIS, when in Germany, bought a pair of garters at a fair, with a wreath of flowers painted on them. Inside, the delicate fabric was consecrated with some verses, which the poet thus translated:

When night with morning lingers,  
Awake and stirring be,  
And with your pretty fingers  
Clasp this about your knee,  
When day with eve reposes,  
And stars begin to see,  
Unclasp this band of roses,  
And, dearest, think of me.

"I was pretty near being offended with that man," said A. to B. pointing to C. as he spoke. "Why?" "Because he called me a liar and knocked me down stairs. It wouldn't have taken much more to have made me real mad."

CONVERSATION is the daughter of reasoning, the mother of knowledge, the breath of the soul, the commerce of hearts, the bond of friendship, the nourishment of content, and the occupation of men of wit.

FRENCH.—A girl, presenting herself for a situation "where no Irish need apply" in answer to the question where she came from, said, "Sara, couldn't you please by my account that it's Frinch I am?"

## Democratic State Convention.

At a meeting of the DEMOCRATIC STATE CENTRAL COMMITTEE, held in San Francisco on the 27th and 28th of February, 1885, it was

**Resolved**, That a Democratic State Convention be held in the city of San Francisco on WEDNESDAY, APRIL TWENTY-NINTH, at noon, to nominate Ten Delegates to the Democratic National Convention, and Five Electors for President and Vice-President of the United States, and for the transaction of such other business as the Convention may determine.

Delegates to the Convention will be elected in conformity with the following apportionment, based upon the vote cast for Hon. Henry H. Haight, for Governor, giving one Delegate for each County, one for each two hundred Democratic votes, and one for each additional one hundred votes or over.

The following test for qualification to participate in the election of Delegates, was adopted:

All voters opposed to the Radical policy of Congress, to Negro or Chinese suffrage, and in favor of a Constitutional administration of the Government of the whole Union, shall be entitled to vote for Delegates.

The Central Committee urgently request the different county Committees of the Democratic Party to all their County Conventions for the election of Delegates at an early date as possible, and to forward to those of the State Central Committee, the names of the Delegates, and to the Rooms of the Committee, 321 California street, a full list of their County Committees, officers and members.

The following was unanimously adopted by the Central Committee, and directed to be published for the acceptance of County Committees:

**Resolved**, That it is recommended to the County Committees that, in their calls for County Conventions, the Delegates elected to the State Convention constitute Congressional Conventions, to meet at the same time and place, to nominate candidates for Congress for their respective Districts, if such are to be elected, and to appoint District Committees for each Congressional District.

The State Central Committee deem it eminently proper that, in the discharge of their duties to the great majority of the people of the State of California, who are united under a time-honored political organization which the Committee represent, as well as to the great Conservative masses of our people, to express their sentiments upon the momentous issues now threatening the stability of our Government, and have unanimously adopted the following resolutions:

**Resolved**, That the Radical majority in Congress, instead of seeking to lighten the burdens of taxation, disregarding both the will of the people and their official oath, in a mutual pursuit after Negro Equality, having been laboring to usurp the functions of the Executive, degrade the judiciary, and by committing the indecency of forcing upon the President a Cabinet officer personally offensive to him, and making a military subordinate dependent on the orders of the President, thus nullifying in their own hands the purse and the sword, they have for the first time presented to the world the disgraceful spectacle of an American President, arraigned by a party vote, avowedly for party purposes, before a Senate, more than two thirds of which is composed of his political opponents, and placed on trial for no crime except that of having endeavored to preserve, protect and defend the Constitution of the United States and the liberties of the people; that in these proceedings the Radical party in Congress have been manifestly actuated by a desire to perpetuate themselves in office, and merit the unqualified condemnation of all good citizens, without distinction of party.

**Resolved**, That this Committee view with sincere alarm the revolutionary action of the Radical majority in Congress, condemned in the foregoing resolution, believing the same calculated to create wide-spread distrust, and seriously damage the other great interests of the country.

That the State Central Committee desire to impress upon the Democratic and Conservative voters of the State the necessity of assembling in their various localities, to form Clubs, and to take active measures for the approaching political campaign that the rights of the people may be preserved, the Constitution upheld, and the Union again united.

By order of the Democratic State Central Committee. J. P. HOGG, President.

THOS. N. CAZNEAU, Secretary.

## KNIGHT'S LANDING!

The subscriber offers for sale the right to put down T. S. Lewis'

**PATENT TUBE WELLS,** in the several unsold county rights in this State, to wit: Yolo, San Joaquin and Sacramento counties. By the use of this Tube, a Well is obtained at less than one-tenth the labor of digging. The Wells are permanent, convenient, require no cleaning, and will endure for ages without cost for repairs.

Any man with the will and strength to wield a sledge-hammer, can, unaided, make from \$10 to \$60 per day, every day he may labor, at putting down these wells, and have a county monopoly for fifteen years and three months. The patent was issued in May last, as an improvement on all Tubed Wells. In nine months' time it has been introduced, and is now in use in every State in the Union, excepting Nevada and Oregon. The Well can be seen and tested in this city.

For particulars, call on the subscriber, corner of 8th and Brannan streets, San Francisco, or address through post-office.
